DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathleen R. Mekjian on June 16, 2010.

The application has been amended as follows:

Claims 1-13 and 21-26 have been canceled.

Allowable Subject Matter

2. Claims 46-53 and 66 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The instant application is allowable over other art because the instant application teaches an electrochemical method for detecting a polynucleotide which requires the presence of a *first* and *second* polynucleotide sufficient to form a duplex, the addition of a probe molecule, and the *electrochemical* detection of the amount of probe molecule in the presence of the first and second polynucleotide. Next the mixture is subjected to melting or annealing step and a second *electrochemical* signal is obtained.

The closest prior art of record is Ito (US 2002/0155477) which does perform electrochemical detection of a polynucleotide mixture, subjects the mixture to a heating step, and then performs a second detection. The difference is that Ito does not teach a *first* and *second* polynucleotide. Ito only teaches a probe and one target molecule. Ito also first hybridizes the target and the probe prior introducing them to the detection container, also different from the present application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer Dieterle whose telephone number is (571) 270-7872. The examiner can normally be reached on Monday thru Friday, 8am to 5pm (EST).
